PROGRAM IMPACT

In Q3 2026, the MathFit Training Academy absorbed a record intake of 716 candidates (287 in September alone) while moving from RISE 3.0 to the new Training Tracker — and certified **400 MathFit Certified Coaches**, its best quarter yet.

REASON FOR NOMINATION

- **Delivery at scale** — the three carried 44% of the Academy's candidates and delivered 47% of its MathFit Certified Coaches: 186 of 400.
- **Quality held under load** — throughput 59% vs 52% and drop rate 17% vs 23% against the other five core MathFit Mentors, with rubric scoring as strict as any mentor's (1–2% fail rates).
- **Consistency through change** — 532 of the 1,170 mock-session reviews this quarter, feedback within two days, and the highest mentee ratings on being essential to clearing the Final Trial.

Neethu Graduates: 3-8 56% · K-5 43% | NAM 40% · IME 29% · APAC 19% · EUK 11%

Delivered **68 MathFit Certified Coaches — the most in the Academy**, including the biggest single month this quarter (31 in September). A true dual-cohort mentor, splitting her graduates almost evenly between K-5 and 3-8 across all four regions. Her session reviews are the most detailed in the team: ~200 words of ordered observation per class. Rated **4.6/5** by her mentees.

"I had a doubt about a concept only two minutes before the class started. I immediately messaged Neethu Ma'am, and she responded quickly and clarified my doubt. Her timely support helped me conduct the class confidently." — Vivek Singh Chauhan, 5/5

"My mentor did call me up before the mock and reminder me of the things I had to take care of." — Tasneem Anis, 5/5

Prachi Graduates: 3-8 46% · 9-12 40% · K-5 14% | NAM 64% · APAC 14% · IME 14% · EUK 8%

Delivered **61 MathFit Certified Coaches at the best efficiency among MathFit Mentors (67%)**, with a 13% drop rate and only 3 mock fails in 101 candidates. The team's **senior-grade specialist**: four in ten of her graduates are 9-12 coaches, the hardest cohort to certify, mostly for NAM. Rated **4.8/5** by her mentees on being essential to clearing.

"She said that don't worry Kshitiz, I will manage time for you on weekends and we will complete it then to accommodate your office timings. … Prachi ma'am's reviews had the most minute detail done right which helped me to apply things in a better manner." — Kshitiz Mitt, 5/5

"My mentor helped me understand that in the Cuemath approach, students should do more of the thinking and talking while the teacher facilitates learning through questions and guidance. This feedback completely changed how I approached my classes." — Karan Gauba, 5/5 on essential

Anuva Graduates: 3-8 67% · K-5 32% | IME 33% · NAM 28% · APAC 22% · EUK 16%

Delivered **57 MathFit Certified Coaches with zero candidates paused**, alongside Implementation Review and Final Evaluation duties. The most region-balanced MathFit Mentor, with a 3-8 core and a third of her graduates in K-5. Feedback reaches the candidate **the same day** as a numbered checklist. **Highest mentee rating of any Mentor, 4.9/5**; most of her mentees say they would likely have dropped without her.

"She helped me repeatedly. Even now, whenever I have doubt, she always respond. She is amazing." — Pooja Sharma, 5/5

"After final trial my mentor took 15 min just to ask me what was the problem as I got low score." — Bhagyashri, 5/5

"My Mentor was always on time, she scheduled my demo as per my time preference which was very helpful, she took her personal time to fill in for my doubts." — Akshay Singh, 5/5

GOING THE EXTRA MILE

The numbers come from how the three work. They take **intervention calls and counsel candidates** who stall — tracker notes show days of repeated calls and messages to bring paused candidates back — and **personalise feedback and sessions** to each candidate's gaps. They **adjust their own schedules** around working professionals, running mocks in evenings and on weekends, and **hand-hold past graduation to the first class** (see Kshitiz, Pooja and Akshay above). **Ownership beyond their own KPIs:** in crunch weeks they step forward to **role-play and review for other MathFit Mentors' candidates** so the Academy lands a solid final number of MathFit Certified Coaches — **123 Final Evaluation reviews on other Mentors' mentees** this period (Prachi 63, Anuva 42, Neethu 18), none counting toward their own totals — together delivering **400 MathFit Certified Coaches in JAS 2026**.
